

5-bike Wall Rack with Sliding Hooks

Allows to hang 5 bikes on sliding hooks which are held on a horizontal bar (bar length =118cm)

Heavy load: Load capacity = equivalent of 5 electric bikes (5 x 30 kg = 150 kg)

The sliding system allows to take one bike and put it back into place easily without damaging the other bikes.

The bike sleeved hooks are equipped with high protective foam in order to protect the bicycle rims.

The ring allows to fix a U cable or lock.
