

Sleeved 4-Bike Rack

- Indoor 4-Bike Rack
- The \varnothing 25 mm tube is covered with a sleeve in order to protect the bike paintwork and rack
- Sleeved rack to prevent bikes from slipping
- The welded hoop allows to slide a bike lock
- 60 cm space between the two hoops: significant space-saving thus allowing a good maintenance of the bike
- Floor fixing not supplied (recommended dowels: \varnothing 8 / screws \varnothing 6 mm)
