

# Pool Edge Protector

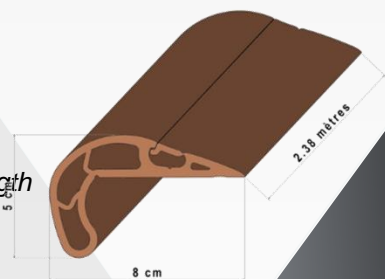

- Rubber bumper profile, to be placed on sharp edges such as dangerous corners: pool copings, rack edges, stair descents, etc.
- Special design for maximum cushioning.
- Integrated screw cover within the profile.
- **Made in France! Registered design.**
- Example of protection :
  - Perfect for children: this protection allows the use of the pool without the risk of injury from falling on the pool's edges, and also provides a safe way to exit the pool without having to use the ladder or stairs!
  - Additionally, it helps reduce the amount of dirt that could end up in the pool water.
  - It also protects wall corners and prevents bumps in the workplace.
