

# Log Storage Rack Brackets - 2 pack

- Allows you to store your logs neatly
- Quick and easy assembly
- Modulate the log storage rack as you wish by purchasing 63 x 38 section joists. Adjust to recommended height and length.
- Recommended height: 1,50 m, but you can go higher by adding a wire or a rope between the two vertical joists.
- By adding 2 other supports at the top of vertical joists, you can screw on a roof to make a shelter and therefore protect the logs from rain.
- Keeps your logs dry off the ground and away from the wall.
- Allows optimal ventilation for ideal drying
