Selling Points

- Designed to provide **comfort, insulation and safety**, this 90 kg/m³ high-density EVA foam comfort mat is **ideal for areas where you spend long periods standing**: workstations, workshops, garages, gyms, etc.
- It improves ergonomics** by reducing muscle fatigue and joint discomfort, while also helping to insulate against cold and reduce vibrations (e.g. from a drum kit).
- Its 235 × 117 cm size **covers a large area (2.75 m²) without joints**, providing a stable, clean and comfortable surface.
- Crush-resistant**, ensuring excellent durability even under intensive use.
- The **non-slip surface** provides excellent stability.
- Versatile**, it can also be used for exercise (gym, yoga), floor protection or insulation (camper vans, leisure areas).
- Lightweight**, easy to clean and simply rolls up for convenient storage.
