

Modular Safety Barrier

Base unit

Define traffic routes while protecting nearby equipment.

Art Code : **M622C**
EAN : 3234640064451

Selling Points

- **Clearly defined work areas and pedestrian zones** thanks to the highly visible yellow barrier.
- **Low-level protection** with a 12.5 cm high kick plate.
- **Easy access:** the barrier can be easily removed when required.
- **Extendable as needed:** adding an M622CSUI extension unit increases the barrier length by 2 m.
- **Secure ground fixing:** 13 × 10 cm base plate with 3 × Ø 13 mm holes.

Technical Description

- Material: Ø 30 mm round steel tube and 45 mm rectangular steel tube, yellow RAL 1018 powder-coated finish.
- Dimensions: L 206.5 × D 10 × H 117 cm
- Weight: 16.00 kg

% Recycled Content	70 %
% Recycled Packaging	100 %

Modular Safety Barrier

Extension unit

Start with the base unit and add as many extension units as your installation requires.

Art. Code : **M622CSUI**
EAN : 3234640064468

*Designed to **extend an M622C** base unit and cannot be used on its own.*

Selling Points

- **Extendable as needed:** this extension unit adds 2 m to the base unit. Further extension units can be added to achieve the required length.
- **Clearly defined work areas and pedestrian zones** thanks to the highly visible yellow barrier.
- **Low-level protection** with a 12.5 cm high kick plate.
- **Easy access:** the barrier can be easily removed when required.
- **Secure ground fixing:** 13 × 10 cm base plate with 3 × Ø 13 mm holes.
